About This Content

SCRAPER: First Strike
New Austin was more than a refuge from the wastelands of a world ravaged by wars, disasters, and disease. It was the perfect city, a Scraper megacity, with residential complexes that housed millions, food-production towers that extended above the clouds, and robots that served to fulfill every need. But after the world's most advanced AI witnessed an act of human aggression that endangered every life on Earth, he decided to take care of humanity . . . permanently.

Scraper: First Strike is the first episode of a planned five-part VR sci-tech shooter with RPG and exploration elements. It will take the player on a journey through a new IP with fully developed characters, story arcs, and a world filled with unique and exciting environments.

In this DLC you will experience the full soundtrack included in Scraper: First Strike, composed entirely by Winifred Phillips who is an award-winning game music composer with more than 11 years of experience in the video game industry. Some of her famous video game credits include six games in the LittleBigPlanet franchise (including LittleBigPlanet 3), Total War Battles: KINGDOM, Assassin's Creed Liberation, The Da Vinci Code, God of War, Speed Racer, Shrek the Third, and Spore Hero, among many others. The music for Scraper: First Strike was produced by award-winning music producer Winnie Waldron.
