You get what you paid for, 1K achievements at minimum price. If you\u2019re an achievement hunter looking to increase the number of achievements on your profile showcase, then I highly recommend buying this. Else don\u2019t waste your money. This is not a game, it\u2019s just a way of distributing achievements.. I wouldn't recommend this game ever even if it was the only game that was available on steam.
